Subject: Uber Decision

As a Citadel Cadet, I rely on Uber for rides to and from downtown Charleston and the surrounding areas. If Uber were to be shut down it would be an extreme detriment to, not only myself, but to the other 2,000 cadets currently enrolled at The Citadel as well. Please keep Uber in South Carolina.

Thank You,

Jeffrey Alan Bo Cain Jr

To whom this may concern,

As a Greenville resident, I am absolutely outraged that Uber has been taken away from us. Not only is it an affordable and convenient way to navigate the city, but also it is a safe alternative for those who do not want to get into a taxi with a complete stranger that has no background check.

As a woman, I constantly have to be aware of my surroundings. Finding a taxi, especially at night, has always proven to be difficult in the Greenville area and I am not always completely aware of who is picking me up. With Uber, I get safe, reliable, door to door service. Not only that, but my phone leaves a digital trail of my ride, my driver, what time I got in the ride, and even my credit card used. Should anything bad happen, Uber leaves a "paper trail" so to speak, thus making it a safer more sound alternative than a cab.

Additionally, due to the convenience factor of this service, many people stay off the roads while intoxicated rather than getting behind the wheel. It is so easy to get an Uber that it completely eliminates the need to drive anywhere even after one drink.

I am an American citizen that has the right to choose how I want to get from one place to another. I do not feel it's in your power to determine how I should get to and from my desired destination. Just because you're upset

because public transportation and taxi companies aren't making as much money since the installation of Uber (because if we're being honest with ourselves, that's really what this is all about) does not mean you have the right to take away my free will and ability to choose to use Uber verses a taxi or any other method of transportation.

I'm not asking you to reinstate Uber in South Carolina, I'm telling you to reinstate Uber in South Carolina. Bottom line is this is absolutely absurd as the benefits of Uber severely outweigh the drawbacks. Thank you.

Sincerely,  
Erica Cinque

**Subject:** SC Uber Services

Good afternoon-

I would like to voice my concern for the cease and desist order for Uber in South Carolina. Until Uber came to the Charleston, SC area, cabs were very few and far between and expensive. Now, Uber is providing a long needed service of proving an opportunity to use a safe method of transportation at an affordable rate and in a timely manner. It would be a disservice to our community to cease these services as it has stepped up the game in the taxi world in the Charleston area. Please do not take this service away from us.

Thanks,

Emily Markley  
Mount Pleasant, SC

I live in the Charleston area, and Uber has been a wonderful addition to my transportation options, for me and for my friends.

Work with them, don't eliminate them.

Uber is safe, affordable, easy, much much much faster than taxis. My wife and I use it frequently. It is excellent and SC needs it.
